Dear Pastor Axil Urbina, Redención Baptist Independent Church, Fundamental Baptist Home Mission Inc.

I rejoice in the Lord trusting in his power that each of you is enjoying God's blessing with your families and ministries.

I appreciate your faithful support for my life. Finishing my first semester at the Colegio Bautista de Honduras has been a great experience in which God has taught me many things about his Word through each of the pastors who have been my teachers. Moreover, it has been an enriching experience because I have learned so much and I've had the blessing of having acquired much wisdom and strength from the Word of God.

Not only have I had the opportunity to learn, but I have also had the privilege of serving in the College as well as in the church that is leading this ministry.

After seeing the enthusiasm of two boys, aged ten and eleven, who faithfully went to evangelism to distribute tracts, I asked permission to train them in how to share the gospel and win souls for Christ. Glory to God! Five more teenagers who did not know how to win souls were trained, it was gratifying to see how some of them won their first souls for Christ and to see the joy on their faces that they can now be effective witnesses of Christ.

I have worked in the technical training of a young man from the local church in the ministry of multimedia and broadcasts of the church. While I was on my vacation in my church in Tela, this ministry did not stop, since, by the grace of God, the young man took charge of this ministry, and now he is training another young man to be able to serve as well.

Aals, I worked for the reactivation of the choir in the church. Some brothers and sisters were encouraged to serve once more through music and new Church members who had not participated in the choir joined to learn new hymns and sing to our God in some services that the pastor has asked the choir to perform.

I have seen the need to bring more children to Sunday school, so I proposed to the pastor to organize a Bible club in a certain area, the pastor gave permission, and together with my classmates, we carried it out. As a result, children got saved in this Bible club and glory to God, from that Bible club a new route came out that remains to this day and more children have faithfully come to church since then.

The door to learning and serving the Lord has been wide, and I'm trying to make the most of my classes and every opportunity to serve.

During my vacations I returned to my home and local Church, serving the Lord in the activities that my pastor leads. While my pastor went on a trip, I had the opportunity along with another young man to replace my pastor in the three Mission works in Tela, San Juan Pueblo, and Toyos.

Now that I am back to College and have started with the second semester, I continue to serve and learn more about my Lord.

Thank you all. God bless you!

Prayer requests:

- Wisdom for my classes
- For my health, provision for my medicine, medical appointments, and treatment.
- For a personal transportation media (carga motorcycle) to serve on the routes of the church and other transportation needs.
- For my financial support.
