Beloved brethren,

God bless you. It is a pleasure to present myself before you through this means to greet you and thank you for your faithful support and finances. Thanks for letting me be part of your lives in thinking of me month after month. Truly, my desire is that God multiply you in abundance for what your investment has done in my life.

During my time of vacations from school, I had the privilege to help my Pastor, covering him in his responsibilities while he was traveling. In spite of being in vacation from college, I was working in the work. For more than a month, I was teaching and preaching in my local church and two other churches that my pastor started. During this time, I was able to teach in the Sunday School, my first series of teaching with the subject of "Prophecies of Christ in the Old Testament." It was a challenge for me and as well, it was wonderful to put in practice and share what the Lord has taught me in the Baptist college of Honduras.

I started classes one more time in college, if God permits, next year 2024, I will finish my studies, of the 120 credits necessary to graduate, I already have 90. I am in a 75% of my studies. At the end of this semester, I will have 106 credits, resting only 14 credits left to finalize my studies, so I can serve the Lord in the place that He has me prepared for me.

I ask your prayers:

- 1. My health (diabetes) and the health of my mother (diabetes).***
- 2. Wisdom and understanding for my studies.***
- 3. Provision of God for my college and personal expenses.***
- 4. For a small project (selling ice cream and popsicles) that I have started to cover my financial expenses.***
- 5. For the ministries that I have on in the church.***
