Dear Brothers and Sisters in Christ,

Let me begin by thanking you for your prayers for our family and the ministry. It is only by the grace and power of God, through the prayers of God’s people, that we are able to go on serving the Lord in His harvest field.

First, let me give an update on our daughter’s condition. Recently, the Doctor prescribed a change of medication. The new medication helped much to the extent that she was able to walk without assistance. The issue though is this: There are serious side effects that come with that particular medication, to include dizziness and stomach issues. Sapphire has been experiencing the side effects in a major way to the point where we are trying to decide if she can deal with these effects much longer. We should be having another conversation with the Doctor to try to figure out the best way forward. Please continue to pray for her that the Lord will touch her and raise her up according to His will.

I mentioned in a recent letter that we had three ladies in the new convert’s class. These individuals have now been baptized. We had a wonderful service on the beach two Sundays ago, after which we had the baptism. It was a very rainy day when we got there and it looked for a while that we would have to postpone the service. The water was also a bit rough. Thankfully though, the Lord caused the weather to settle down and we were able to have the service and baptism. There was lunch and fellowship afterwards. What a blessed day it was. Please continue to pray for these individuals. Their names are, Sister Noel, Sister Stacia and Sister Niesha.

For the school, for 2020, the year has started out well. The recently concluded sports day was a great success. There were actually two days set aside for this much anticipated yearly event, where students compete in sports, track and field and many other fun activities. We praise the Lord for safety for students and staff. Please continue to pray as we seek to reach students and parents for the Lord.

In these days when so much is happening on the world scene, let us continue to bear one another up in prayer that we will all stay faithful until the Lord comes. God bless you all.

In Christian Service,

Pastor David Archibald
And Family
