Dear Friends and Supporters:

August, 2022

Thank you for your faithfulness in prayers and support during the many years since you took us on to be one of your missionaries. We thank God for every remembrance of you and we do not cease to pray for you.

I would like to bring you up to date on some of our health issues. During the past three years both of us have had the Covid on two occasions and Sylvia has been battling Parkinson's disease, for which there is no cure. In 2014 I was told that I had Stage 3 Chronic Kidney disease, which has not gotten worse. Praise God! In Oct. 2021 after X-ray, Dr. said a cyst in my lower spine was the cause of pain in my right leg and surgery was needed. After much prayer, I began taking a mild pain medicine and so far there is no more pain, thank the Good Lord!

Although we are not able to do the mission work we have been doing for many years, we know that the Lord has a work for us during these days. Whatever His will is for us, that is what we desire most of all.

Again, we thank you for praying for us during these days and giving to help us carry the Good News of Salvation to lost souls.

Your Servants for Christ
