

Luis Fernando Gamarra Family

Missionary in Lo Entrada Copan, Honduras

Luis, Claudia, Claudia Abigail

August 2019

Dear brethren:

Receive cordial greetings from my family in Honduras. This month of July we realize different activities.

The discipleship is being of blessing. This month we started in the house of Sister Alicia twice a week. We have 7 people studying the Word of God. God is working in this family.

We realize an evangelism training with Pastor Axil Urbina. We had 4 pastors that participated that receive material for the first training. It was a great blessing for the church. We ask your prayers so we can keep receiving the training so this way the brethren can decide to keep evangelizing.

We had the visit of the young people of the seminary. They sang songs and spoke about the opportunity of preparing in the seminary. They were a blessing.

In the time of evangelism we share the Gospel with a group of lawyers in the city. They heard the Gospel. Thanks to God, a lawyer received Christ as Saviour. While we were speaking to him, he said that he was a Christian but then he understood the Gospel and decided to believe in Jesus. Then we rejoice for his decision.

We give thanks to God because my family is well and we keep on in the work of the Lord.

Prayer requests:

For Erazmo Alicia Majori - for our family business - for funds for the church property - for my wife's health - pray for the city of La Entrada, Honduras - pray for Brother Juan Carlos that has "dengue"

Thanks for your prayers. We desire the blessings of God knowing that our work in the Lord is not in vain.
