Dear brethren. God bless you. Thanks for reading our prayer letter, desiring that God keep using the churches to support us in His great work as well praying for more churches to participate in the missionary work in considering us as your missionaries in the country of Honduras.

The month of January, we had a good start for our family. Thanks to the Lord we transmitting the program "Camino a la Verdad" totally live in all the west part of the country with the signal also in the border of Guatemala. This ministry is in our prayers and we desire that the Gospel can get through this means of television.

Also God gave us the opportunity to share the Gospel with different people. Edwin a young man heard the Gospel for the first time in the door of his house. He and his family showed interest in the Scriptures, in spite that only Edwin accepted the Lord as His Saviour. We were able to share tracts with the plan of salvation. Also we traveled to Tela, a city near the sea and we were able to participate in the mission conference. Thanks to God for this church that has a heart for missions. We had a good time together with other missionaries. Thanks to the Lord that this is not possible in other countries and even in some parts of Honduras due to virus. We are grateful with God for His protection.

### Prayer requests:

1. We desire brethren so you can continue praying for our family in Honduras.
2. We desire that you pray for provision to rent a location for the church. Due to restrictions, we cannot have services in our house.
3. We desire your prayers for the education of my daughter. The new modern way of virtual of study due to the sanitary crisis.
4. Prayer for new contacts that came for the first time to the church, Alex and family and Cruz family.

One more time, thank you for your prayers. We love you in the Lord. Greetings to all from my family and thanks for your support to the missionary work.
