Dear Brethren,

We greet you from Honduras desiring that you are growing in the grace of the Lord with you families united for the service of God.

We are to share that in the month of April, we were always active as a church in the city of La Entrada, Copan always realizing our service through the social networks and using Zoom platforms. We share with our brethren moments very pleasurable and desiring that in a future we can congregate in the church.

During this months also I had the opportunity to share the Gospel with various people that work in groceries in the business, giving out tracts of the Word of God. I had the opportunity to share the Gospel with Ricardo while reading the tract asked for the plan of God and while he attends a church, he didn't knew the Gospel. By the grace of God, we were able to guide him to Christ as the only Saviour and he took the decision to know Christ. One of our plans as a church during this month is to be able to disciple by video calling. Thanks to God the believers has been faithful in spite that we don’t know the process well. We are trusting in God and hoping as a church that He can show us His will.

We want to give thanks to God because He has provided for our support as a family. God has taken care of each brother in the church until now. God is good and God will keep supplying the needs of His children.

Prayer requests:
1. We ask prayer for the older people of the church. Many of them have health issues and is difficult to move these brethren around.
2. We ask prayers for the families of the church for provision.
3. We ask prayers for the recovery of my wife.

We leave you thanking you for your prayers and for your support. We pray so God can keep protecting us from harm and we desire that your faith be strengthened in our beloved God.
