Laboring with love in the work of God in the Primera Iglesia Bautista Fundamental in El Corral, Sonaguera, Colon and in the mountain of Brisas de Miramar, Balfate, Colon.

Beloved brethren, God bless you in this New Year that my God has given us to each one of you. It is a new opportunity that God give us to be able to strengthen us more in His work. We greet you in the love of the Lord. Receive a cordial greeting from the Gomez family.

Dear brethren, I don't have words to thank the Lord for so much mercy that has had with each one of us. WE want to thank from all of our heart to each one of the brethren that have is part of the work that is realized in the Iglesia Bautista Fundamental of El Corral. It has been of much blessing. Thanks brethren for the support that you gave to remodel the church. Without the help of you, it wouldn't be possible this project. The brethren are very happy and motivated as well my family we feel very happy for it. We have the project of the repairs of the floor of the church because it is badly damage. We ask of your prayers so God can provide the resources that we need to be able to realize such project. As well brethren we ask your prayers for a vehicle for the work of El Corral because it has affected badly in this work, the lack of transportation.

About the work in the mountain, it has been very difficult to realize the work there due to the strong rains, it has caused many problems. Thanks to the Lord with the storms of Eta and Iota, there hasn't been loss off humans with the brethren of the mountain, only loss of material but the brethren keep on in the middle of trials and struggles always encouraged serving the Lord. WE ask your prayers because we still lack a part to finish the construction of the church in the mountain but we believe that God will supply all the necessary to finish. We thank each one of you brethren that form part of these two works. Thanks for your spiritual and financial support that you give. Our prayers are for you, that the peace of God be with all of you. Beloved brethren, a strong hug from the distance.

Prayer requests:

1. Prayer for the project of the floor of the work in El Corral.
2. Prayer for a vehicle.
3. Prayer to finish the temple of the mountain of Brisas de Miramar.
4. Prayer for the health of my wife and my daughter.
