Beloved brethren, we give thanks to God for the opportunity that He gave us to be in the New Year 2020. We desire the best for each one of you that is hearing the writing of this letter. That the peace of God governs in the heart of each one of you. That our God shed you with health and provision for your families. That you don't lack anything. Beloved brethren in this moment I want to thank you for all your prayers and for the support that you send to each one of you. Thanks to God and for you. The work keeps on in spite of trials and struggles. God and your prayers is what maintain us firm. God has been very good and wonderful for each one of us, for the works as well in the mountain of Brisas de Miramar, Balfate, Colon and the work of Corral.

Iglesia Bautista Fundamental Brisas de Miramar

Thanks to God and your support of this past year. The temple is almost finished in the mountain. There is just some details but it is precious. I never imagine this great blessing in the work of the mountain. We were able to paint it inside. The brethren are motivated and very thankful because we have now a roof in where we can hear the Word of God. Thank you we don't have words to thank you. What a beautiful blessing.

About the work in Sonaguera, we keep on in spite of everything that has come to the work, blessings as well trials.

Construction of the water purifier.

Thanks to God for the purifier that was builded in the church of El Corral. It has been of great blessing for the community as well people have come to attend to our church. We thank much for this support.

Service in the church of Corral

Thanks to God. We keep on always in the work this past year. We were able to paint the church inside and out. Now the church looks better and the brethren are always motivated. We ask your prayers for a means of transportation for the work of Corral. We have different brethren that live far and it is difficult for them to come from far. Those are adults with sickness. So we need a vehicle to bring brethren to church.

As well I want to give thanks to God for my family because this year 2019, He gave us the opportunity to be parents again for the second time.

These are my two precious princesses that my God gave me.

We are very thankful for your prayers because everything went well with the pregnancy and birth. There were no complications. Thanks for all your support to my family. Beloved brethren in the spiritual as well in the physical in this new year we have a lot of things to do into the work of the Lord. I only ask your prayers so God can help us keep doing His will.

Remember, beloved brethren, that what you do for the Lord is not in vain. God in His time will bless you.
