Dear ones in Christ,

I thank God for the opportunity to greet you again, and in spite of what is going on around the world with the virus it's a joy that we still greet each other and share our thoughts concerning our present situation and the Lord's work. Thanks to the Lord that we here have not developed any local virus, only what is imported. But our hearts go out in prayer to those who are suffering at the moment, this will include our brothers and sisters in Christ.

We are still being advised to avoid crowds at churches, funerals, and other functions. However, we are still conducting services with our small groups on Sundays and maintaining our distance and happy in what we are doing for the Lord. Our prayers are with you in these troubled times, that God will continue His watch-care over you, and keep you safe while this covid19 is spreading so fast.

Things are rough now, seeing we cannot visit each other as before, but let's encourage ourselves in the Lord and continue to do His work with merry hearts, knowing that ".....weeping may endure for a night, but joy cometh in the morning" [Ps.30:5]

Thanks for your prayers and financial support.
The Lord bless you all.

Claudius Harry
