Dear Partners and Supporting Friends,

We greet you in 2025 with blessings and praise that only come from Him, Who is worthy. Our God has all power to do more than we can ask or think. We are encouraged to be strong and to live for Him. Amidst multiple challenges we can still see the crafting hand of God working on and through us to accomplish what needs to be done. We say **thanks** to you all for your faithful prayer and support over the years. We know that through you, GOD HELPED US. Thanks much and He promises to reward the faithful.

FAMILY: Caroline and the children are doing very well, little cold and flu here and there but nothing to worry about. With Micaela married and gone and the two boys growing into their own live will soon be gone and the nest be reduced. They are all in the school teaching system. Our last, Mya, is at school and grow rapidly. As for me, I rejoice much in my health situation; no pain, no noticeable adverse side effects from the treatment. The radiation seems to have done well. We know much prayer has been going up on this behalf. I am scheduled for a check up on the 12th of February and do hope for an absolute clean report of cancer. Thanks to everyone who prayed and gave towards my medical journey. We are still on it but your help is thanks worthy.

CHURCH: As is well known, the work of the Lord must continue so we continue to build and shape our facilities. We also continue to reach out in various areas preaching, witnessing, and helping people. It's our dry season and so we are taking the church out into communities and villages on a Sunday night until the rain season comes around again. God still uses the foolishness of preaching. When you can, come over to Macedonia and help us.

PRAYER: As the apostle said, "brethren pray for us".

1. The college that I attended in 1984 has had several issues, battles, closure, etc over the years. I was approached on several occasions to assume the lead role of the college and declined. The need never left my mind. With some additional plan and a new approach, the challenge came again and trusting God I consented. It is additional work to my ministry but if the Lord would use me to help a greater part of the islands I am ready. I GREATLY NEED YOUR PRAYER.
2. The salvation of souls as we go out in the villages to preach.
3. Our transportation for church, bus transport.
4. Traveling mercies as I go back to the doctor in February and March.

We appreciate your involvement in our lives do be a help to us. God bless.
