January - February 2019

Acts 5:29

We send you a warm greeting to each one of you and thanks my beloved brethren for your prayers and for the blessing that you are for us and it is our desire that the Lord Jesus Christ keep blessing your lives and your churches.

We started this 2019 year with our focus in our first family conference that was done on the third week of February. Thanks to God finally it was done and it was a great blessing for the response of the brethren to the preaching of the Word of God. During the family conference, we had Pastor Luis Valdera, a pastor that is here in Dominican Republic. Before this conference, we had a Bible club in an area where we started to bring people to church. We had teen services, where we had a great result and our young people were well involved.

Beloved brethren, we want to take opportunity to ask you to pray for a young man in particular in our church. His name is Luis and God is working much in his heart and is showing love to serve God and is already helping us together with another young man in the program of our services. Luis, two Sunday ago, gave his first teaching of Sunday School. As a result of soul winning in different points of our community, our vehicle is not sufficient to bring people, as a result in the last two Sundays we rented a car of 15 people (in spite we put more), we give thanks to God because this makes me more willing to bring others to church.

God is always good and He is doing His work among us. This mentioned is for you to be blessed to hear that the Gospel is the power of God and thanks to your for your prayers and your missionary offerings that you part in this work.
