Pastor and Church:

Greetings, my beloved, my brethren, the grace of God be with all of you. As always, it is a pleasure to greet you, praying to God for each one of you our brethren. As well, we want to thank God for His infinite love, of which we are not worthy. He has put us in this place of San Martin, while He let us keep on, we will keep preaching the salvation in Christ.

The work in San Martin, keeps on, thanks to God. Our desire is to see people saved and the only way is not to stop preaching the Gospel of the good news. Until this moment, the hand of God has supported us and with His help, we are firm.

In the work of Colombarios de Agua Viva, we keep supporting. First to God, in the month of October, we will have an activity with a group of brethren of the United States. They will visit us to have a medical brigade. The purpose is to preach Christ to the people and we can see them saved. There is no doubt that the name of our God will be glorified because that is the reason we will be saved.

During these past months, we have seen the struggle with my mother's health. It hasn't been easy for her or for us. Her health has been affected and we haven't seen it get better. Before, she had an amputation in one part of her foot with the hope that it will get better, but it wasn't possible. In this coming week, we were in the discussion that it will be amputated above her knee, which is the recommendation of the doctor. I would like if you can help us pray so God can open the door and we can find grace.

Your prayers: for our ministry, for my family, for the two works that God has let us have, His Holy Gospel to keep preaching, and for the activity in October.

Beloved brethren, thanks for being part of the work. God bless you and keep serving the Lord.
