October 2024

Pastor and Church:

What a blessing to greet you, beloved brethren, always desiring that the grace of our good God be with you. Receive a cordial greeting of our family and many blessings of God to each one of you that hear this letter.

I address you, first giving thanks to God for the privilege that He give us to serve Him, as well thank you as a church that until this moment you have supported us each month of your offering that I want to recognize that we don't deserve but is God that have put in the hearts of their children, the desire to support His work, of which I am very thankful with the Lord and the churches, beloved brethren.

God is good and keep blessing us through the work seeing the brethren encouraged and keep on witnessing people of Christ. In the work of Rios de Agua Viva in Columba, we keep supporting them and preaching. In this place of delinquency, it has gone very bad that many people have died due to the delinquency. WE only ask God that our light won't be shut down and keep giving light to the people.

In San Martin, the place that we are full time, we keep on working in the work. Two weeks ago, Sister Gloria was called by God to His presence. She was a faithful sister and of good testimony but there comes the moment in which we need to leave. It is inevitable. The most important is to know that they were saved by the grace of God. This give us satisfaction of which God brought us here.

We keep on and encouraged knowing that many of you take your time in taking us to the presence of God. The Word of God is keep being preached in this place of San Martin. Maybe many of you won't never know this place, but we ask that God maintain us always firm and that His Gospel be preached.

Your Prayers: for the work in Colombia and in San Martin, for my family, souls saved and a new location for the congregation.

Dear brethren, one more time thanks for being part of this work. We pray so God can keep blessing each brother.
