*"...The harvest truly is plenteous, but
the labourers are few;"*

Mat 9:37

DECEMBER 2019

Dear supporting churches and friends,

Salvation!!! 2 weeks ago one of our teens repented and got saved!! She has been coming for a year or so to church on Sunday mornings and Friday youth lessons. Her younger sister repented last year and has been praying for her, Margarita's, salvation. Fruit to your account. Please also pray for one of our neighbors who is a young, single man in his twenties that God is really working on. He has not come to church, but God has let me start talking with him about God and the church. He previously has ignored us and the church here completely. Its great to see him welcome conversation about God and religion.

Recently, fellow missionary Mark Priem come up, a 14+ hour drive, to visit us with some of his church members and tour our city. It was a great time of fellowship for us and our church members as well. Its not like the US where there are like faith churches all around the city to fellowship with. Its few and far between.

Pray for Nina and my dad as they have some health issues.

The Church here just recently celebrated its 20th jubilee! Its amazing to see how far the church has come! Both the deaf and the hearing group are doing well and growing in the Lord.

Nina is faithfully teaching the kids every Sunday in SS and helping mold them into Godly young teens.

Also pray as we try to book meetings in the USA and raise our support. Its almost impossible with no car, or house in the states at our disposal. We depend on God to provide us with transportation and housing to use during our furlough.

We thank each and every person who financially gives to support our ministry here in Ukraine. We are grateful that we can serve the Lord on your behalf here. Please never expect the giving of money to trump the need for prayer over us.

Missionaries Steven & Nina O'Brien
