Pastor and Brethren in Christ,

We felt very saddened by her departure. One day we will see her again. Glory to God for Eternal Life.

We greet you in the name of our Lord Jesus Christ, desiring from the heart that your desires and projects for this new year will be accom-

Always is an opportunity the December time to share with the brethren and encourage them for the New Year to be better children of God. About the family, like you know our children and grandkids are far from us and together with them in these days bring us nostalgic, because Christmas we live in a very different way, but as well we encouraged to enjoy the fellowship with our brethren in the congregation. Glory to God for His inexplicable gift.

plished and that the work in the Lord be prospered, as well your souls.

Our work in the Lord is not in vain are the words that always I give the brethren in the church in Puerto Montt to encourage them in soul winning. They are coming with me each Saturday to knock doors in the new areas where we have bigger reception, because now the people are more hard to receive the Gospel in this country. However, we don't stop to do good and we don't dismay in our work. We are always are looking with the Lord Jesus Christ for those that will receive the Word of God and let us give the Gospel of salvation. By the grace of God, we have seen souls saved each Saturday and people coming to church little by little, encouraging others to follow in the faith.

We have seen the hand of God with us where little by little we are advancing in the work of the Lord Jesus Christ and the evangelism in this place. Our plans are to strengthen evangelism and discipleship in the church, realize evangelistic trips to the southern islands and initiate a new work in the community of Villa Almana.

Thanks to God we have the blessing to visit new believers and new brethren for discipleship and encourage them into the knowledge of the Word of God. It fills me with joy to see some brethren little by little learning and changing their lives for good. Also to see the older brethren helping and supporting the new believers going to pick them up for each service, of which is of great blessing. Thanks to God for letting us work for Him and thanks also for all the pastors and brethren that pray for us and support us financially to support us in our ministry to keep winning souls so it can abound in your account. We thank the Lord for your generosity. Praying also for you so God can multiply you and use you in a great way.

We ask your prayers so God can raise up workers to support us in our ministry and for the health of my wife that has been broken, so God can, with His Great Power, help her so it won't advance her sickness, because it is a degenerative sickness that in many times it limits her much physically. Thanks to God because sometimes is strong the struggle, our courage does not dismay. We keep on trusting that God give us the strength that we need to keep serving Him in the missionary field.

We feel sad to receive the news of more brethren departing with the Lord, like Sister Miria. She had been suffering for many years with a sickness that maintain her depending upon her relatives and struggling to come to church. Now she is with the Lord enjoying eternal life. Also our beloved Sister Maria Arraigada, that died being in a nearby area of our city and we found out until her daughter saw in her cellular phone my WhatsApp contact and she communicated with me.
