Please Pray for the Robles Family Missionaries in Panama

"The souls that will die today, will not hear it tomorrow"

March 2019

Appreciated brethren in Christ:

First of all I want to say one thousands sorry for the sending my report late, like I had mentioned in my past letter I will be sending it our every three months.

Thanks for keeping sacrificing for us in this country of Panama. God has been good with us. This coming month of April, we will be here 7 years.

Brethren in Christ, these years have been hard in the motive of our health. My wife hasn't been 100% and I just came back from a very quick trip from Mexico City to realize some studies of my skin and neck. When I went to the Dermatology specialist he told me that I have a sickness called "Liquen Plano." It is a sickness of which can be developed in any part of the skin, but the most frequent parts is in the mouth, face, ankles, and extremities. It surges from a pigmentation that is maintain during some time, leaving rashes and some itching. I have it already for 6 years. I cannot sleep. I suffer from amnesia at nights but I maintain myself firm in my calling and this work. I ask your prayers to be 100% and keep on with the church.

Also I was able to go to a neurosurgeon Dr. Gerson Trejo, that sent me to make some x-rays and a magnetic resonance to see the problem that I have in my neck and back. The doctor says that I have three cervical damaged of which is required a surgery. The budget of this surgery has a value of \$100,000 Mexican pesos or \$5,200 US dollars. This will cover the medical expenses of the surgery. I know that many of you as a church and pastors sacrifice each month to give your missionary your financial support. I ask that you help me pray and if you can participate in this which is urgent, I will be thankful much.

I want to let you know that together with my pastor, Pastor Luis Ramos of San Luis Potosi, are looking to find a couple that will come and supply me for some months while I and my family travel to the city of Mexico to realize the surgery. I am not abandoning the work. Once I am well, I will come back and retake the church. Thank you much for your understanding. We keep preaching in the plaza, hospital, door by door. Last month we saw more than 300 souls saved.
