Appreciated Pastor and Church:

It is a joy to greet you. It is our desire that in receiving this letter you are enjoying of very good health because in this time this is what we need the most to keep working in the work of God and we always are praying for each one of you.

God have us the opportunity to start a New Year in which we know that there is a work to do and we are sure that the hand of God will be with each one of us. January 3, we started the services in person in our church here in El Salvador with all the necessary health protocols in which we divided in three groups of our congregation by areas to stop having too much people at the same time in the temple.

God has blessed us in the month of January we have had an average of 120 people each Sunday adding all of them in the three services. We have started to have evangelistic services in the church on Saturdays passing out 50 invitations in a specific area and everyone that comes we give a bag of food and as well we give them the Gospel teaching them the plan of salvation and glory to God this month we have had more than 85 saved. Your prayers are important because each week we spend around 250 dollars in food.

As well each family of the church is given a bag of food at the end of the month to help them a little in the financial part. In this year we added 4 missionaries that we will start to support which is a total of 16 missionaries.

In addition, last Sunday the 31st, we celebrated the anniversary of our church which is 13 years preaching the Word of God in this place as a church. We keep meeting like always with the necessary means of health using face masks, gel, taking temperature, social distancing and as well with the care of our God.

Also we ask your prayers because we are working with the legal paperwork of our church in which we advancing the process. God bless you to each one of you. We love you much in the Lord.
