September 2021

Co-Laborer in the Ministry:

In continuation, this informative letter is of the month of September  
Matthew 28:18-20

In this month, God has let us work in the state of Colon, where we have started every Monday a Group of Growth. We started to study the Bible and develop principles for a healthy growth with 5 people during the first week and in the second, 2 more were added.

During the going out of Evangelism, we shared the Gospel with 4 people of which 2 decided to surrender their life to Jesus believing in Him as their Lord and Saviour. 1 was encouraged in his faith and the following the seed was planted.

### **Prayer Request:**

*For 2 candidates for discipleship in Evangelism*
