December 2023

Dear Pastor and Church:

It is a joy to greet you through this means and wish you from all of my heart that God bless you and take care of you, praying for you and give thanks to God for His faithfulness, in supporting us financially and taking us in your prayers.

It is incredible how the years pass by very rapidly and again ready to remember this glorious day when that marvelous news, **"For unto you is born this day in the city of David a Saviour, which is Christ the Lord."** We wish from all of our hearts that the peace of Christ reign in your hearts and that you will have a **Merry Christmas** in company of your family and friends.

We give thanks to God for the work that He has been realizing here in Paris. In the middle of the month of October, God gave me the opportunity of baptize 7 Brethren. Among was my oldest girl Raquelita, who decided to take this step. We felt very happy that our children could take very important decisions by themselves.

We baptized Brother Wiliado Perez and his wife, Sister Delida, a couple that we have been working with for a while and by the grace of God, they decided to take this step. Now the brother has converted in my companion of winning souls and has been of great help. We ask that you keep praying for him so he can keep growing spiritually and could be one of our deacons some day. God is working in his family and in spite of his children that have left, he is after them encouraging them. I also baptized 2 of his grandkids.

I ask prayer for Sister Adriana and her daughter Karla, of which they got baptized. She has taken a while to be faithful due to her husband that doesn't want to come to church and sometimes tries to stop her to come, but she keeps on and when she can, she brings her little ones. Pray for the salvation of her husband, Carlos.

In spite of the victories that God has given us, the enemy is not tranquil. In the last letter, I mentioned of Sister Andrea that is coming and has marriage problems. She has left with many excuses. We keep praying for her so God can show her that separated from Him we cannot do nothing.

We keep working with Brother Gavino. This past Sunday, he invited us to have a service in his house. We preached the plan of salvation to some of his relatives, even though no one made a profession of faith. God gave us the opportunity to speak with them personally, to some of the children and grandkids. We just pray and keep working with them so they can grow spiritually.

We keep winning souls in the houses. Pray so God can work in the Brethren and all can take this mandate and privilege to participate in this work. We keep working in the construction of the building. We are working in the columns and we have met to get 19 laminated. We give thanks for your support that some churches have sent and some friends
