

# Luis Fernando Gamarra Family

Missionary in Lo Entrada Copan, Honduras

Luis, Claudia, Claudia Abigail

November 2018

Dear brethren,

Greetings of my family. Thanks for remembering us in your prayers and also for your missionary support here in Honduras. This month we were evangelizing different people in our city and some visits received Christ in the church. We spoke of Christ to Tomas, a man with many family problems. During the preaching, God spoke to his heart and raised his hand. We took some time to explain the plan of salvation and decided to believe in Christ. We rejoiced with him.

During our services, we are studying the book of Malachi. All the brethren have the work of reading a chapter of the Bible daily. This is to help us to motivate each one of us with the goal to finish the Old Testament before the end of the year.

Also my family is very encouraged with the visit of my mother. She brings the cookbook ingredients of Peru kitchen to remember the delights of the food of Peru and also enjoying the Honduran food, my daughter Abigail is ready to receive from her grandmother. It is a blessing.

Brethren, I want to ask your prayers for our property. We keep praying for this project. We give thanks to God for the places where we have moved with the church. The brethren have been faithful to the Lord and also we have visited in different places of the city giving tracts. Evangelizing has been a blessing.

### Prayer requests:

1. We pray for our Sunday School.
2. Pray for Mathad (he is receiving discipleship. He comes from a Muslim family.)
3. Don't forget to pray for my family

Thanks brethren for taking a moment to read this letter. May God bless you. My God will supply your needs conforming to His riches.
