That the peace of God be in your home each one of you. We wish you success for each one of you in your daily labors.

Beloved brethren in Christ, my family want to thank you infinitely all that you do for us. Thanks for all your prayers because with the help of God and your prayers we are still on our feet in the battle. Thanks for your financial support. May God reward you greatly to each one of you.

We want that you take us in prayer for the Iglesia Bautista del Corral because we have different needs so with the help of God we can realize according to the will of God. We are planning again to redo the floor of the church building because it is ruined. The main need is for transportation for the church so we can do the rout so we can bring the brethren for the church. I want to thank each one of you that formed part in the construction of the room of the church. It is very beautiful. My family is much better in the room that was constructed. We are grateful with all of my heart. It is a blessing that we moved to the church. We have seen more motivation in the brethren and more new families in the church. God is good and they will be added to the church the ones that are lacking.

About the work in the mountain, we ask prayers because we want to build a church building, Brisas de Miramar. Thanks to the American brethren that supported us in the medical team in the mountain. It has been a blessing. The village is very much motivated. We are thankful.

We are in prayer for the church building so God can supply all the needs and all that is lacking so we can start the construction of the temple.

We ask prayer for each one of the projects and ministries that we have in the church so God can help us and give us more strength.

Don't forget us, brethren, my family and the church in general. We take you in prayer and remember that the work that you do in the Lord is not in vain and that is the reason we need to keep on firm and on knowing that we have a great reward in glory.

May the peace of God be in each one of you. We leave you taking you in prayer.
