We here in the Island want to say a special thanks for your continued help, prayers and financial support. We apologize for the long break in our report and partnership letter. God be praised for the continued health and blessings on my family. With the change in our weather we have had lots of cold and flu incidents across the island, but only a slight touch at home. We know that that could have been worse. We trust him for our life. Mya and MJ are out to school as usual and Micah to work. Micaela has had a third Hurricane experience for she is still in Puerto Rico. Praise the Lord she is doing fine as they recover. What a learning experience for the Future. Continue to Pray that God will provide for her as she lost most of her personal stuff during the Hurricane.

Well this is the busy period at church as we prepare for all the Christmas activities, Christmas Program, Christmas Banquet, Christmas Give away packages etc. At every season of the year people do need the Lord. Every activity is with the intent that people would trust the Lord. We have had several in our communities trust Christ as savior over the past weeks and we surely desire your prayer that they will grow to become pillars for God's glory. Nothing compares.

We say thanks to those who have given to help us with our church transportation repairs and various projects. The Church Bus is now in the Garage (Body Workshop) hoping to come out looking like new. At the same time work is on on the bathroom on the level of the auditorium to accommodate the elderly and the people with disabilities. Everyone is needed in the house of the Lord. Please pray with us that the Lord would provide the funds to have this Bathroom completed soon.

Prayer Request.
