

Please Pray for  
**Manases Gonzalez**  
Missionary to El Salvador

Soul Winning • Church Planting

---

February, 2012

Dear Appreciated Servant of God,

I desire that God is blessing the ministry that He has commended you and always rejoicing of good health physically, mentally, and spiritually according to the will of God. It honors me that you would take the time to read what God is doing in our church and through it your servant serves God in a way enjoying the blessings of God that always has remained since the beginning and that has never been in absence.

God has been very good and very merciful with us in sending us more blessings. We have seen it in the spiritual and numeric growth in our church. In the last six months, I believe that God has worked in a great way. God has blessed us with a very good attendance of people per service. In visiting and soul winning each week, we see people getting converted of their wicked ways and make a personal decision for our Saviour. We have plans for baptisms this entire month.

We had asked God to provide transportation to reach those that couldn't come to church. God has answered the request. Not like we would have liked it to come but we see the beginning of how God wants to bless us and we give thanks. A Christian brother contacted us here in El Salvador. For some reason this brother was deported from the United States being legal. The same time we don't question God because He knows what He does. We believe that God does the things according to His will. This Christian Brother has a van here in El Salvador and it is not being used. We talked to him about the possibility to use his van to start running routes and he has been always willing to be a blessing to the work of God. The people are encouraged for the results of the van this last month. We have taken off an excuse for the people not to come to church and we have given them an incentive more to come to church through means of transportation.

The church is more encouraged; we have been reaching more people; we are working more to the territorial population which let us go more than our limits but everything is being controlled by God because separated from God we cannot do anything; nothing in our own strengths. Oh, what a blessing to serve our God! Every time that I think on the benefits that are in the service to God it encourages me to keep on to be more effective of the work that God has commended me.

I ask for consideration in supporting us a little more with financial support because we need funds for the gasoline of the van. I need more money to save so I can get married this year. At the same time, I want to thank you for the faithful support with the amount that is sent each month which is the only support that I have and that is the reason I ask for extra support.

God bless you,

Manases Gonzalez
