Evangelism

Dear Brethren,

The rain has come and it is summer and there is cold.

In December in the Monte Hebron church we had Vacation Bible School from the 13th to the 16th. In Horacio Zeballos, we had 45 saved of the children and adults that attended in a small park in the neighborhood. In the city of Mi Trabajo, in two days we had 230 children that attended and 153 saved of children and some parents. In another mission work, Peña de Horeb, we had 103 in attendance and 52 saved.

In the end of the school year, Darlin Araoz, daughter of Brother Alfredo and Sister Mercedes graduated from sixth grade. The farewell for her friends of school was in a park and then to end the school year was a Christmas breakfast for parents and students. For Christmas, the church organized to pass out donuts and hot chocolate.

In the year that ended in December we had 1832 saved during the visitation programs and personal soul winning during the year.

Vida Nueva celebrated their anniversary as a church. 6 were saved of the 13 visitors and during the year they had 385 souls saved for the glory of God.

Peña de Horeb won 556 souls and are constructing their location with a metal structure. The mother of one of the leaders has provided half of the property to build. We are thankful in the consistency in supporting your servants in El Peru and your faithfulness in praying for each need that we have as church and servants of God.

In the month of January 13th thru 26th we kept doing the children's programs. Like I mentioned, it is summer and there are vacations for the children. We had 6 visitors from Mexico to co-labor with us for some days in the mission works and the church. They taught in the mornings the Bible clubs and in the evenings they did manuals and social labor like taking the pressure, cutting hair, sewing classes, etc. with some adults, neighbors from the zone that we have witnessed repeated times and some have visited the church. We witnessed to some of them and 9 were saved. Glory to God!

We moved from a house to a new zone with no phone or wire internet because cables haven't come to this area. There is light and water but the house is incomplete and the rains have affected us that it is flooded. God is good that the rains stopped and the house is almost dry. We have already phone and internet but only with some problems so without excuse, communication is a problem. I hope that it can get better. I had published the reports bimonthly. You can read them in <http://sanchezperufam.blogspot.com/>. We ask for your prayers for the coming visit of March 6th thru 9th of Marco Turriza, evangelist to the children and the annual camp of February 19th thru 23rd - the preacher is Pastor Jose Benitez and his wife, Sister Vilma Benitez.
