Dear Fellow-Laborers,

The churches in the Philippines are growing. Some of the members can understand English and have King James bibles. Most need a bible in their own language, (Tegalug). I would like to ship 5,000 bibles by the end of the year. I know a ministry that will supply the bibles. The cost of shipping is the main cost. I plan to ship approximately 1,000 bibles per month for the rest of the year. The cost of shipping is \$300.00 per 1000 bibles. If you or your church would like to help, please send the money to my board and specify: **Philippine Bibles**.

I am still in need of tricycles for transporting people to church. Very few people in these villages have a vehicle and some live a few miles from the church. We can still purchase a new tricycle for \$1,250.00. If you can help, send the money to my board and specify: **Philippine Tricycle**.

There are presently several churches that have the land and are ready for a church building. I can still build a church building for \$7,000.00. Please help if you can. I have included pictures of the inside and outside of a church building. The other picture is of new converts. Praise God for all his blessings.

Fain and Shelby Morrison
