# Please Pray for the Robles Family Missionaries in Panama

*"The souls that will die today, will not hear it tomorrow"*

November 2018

Receive a cordial greeting from the lands of Panama, hoping that you are well of health and enjoying the rich blessings of our God and Saviour Lord Jesus Christ.

I write to you to mention a little bit of what we have done during the month of October and part of November of this 2018. The year has gone fast and we wait a 2019 with many challenges and conferences as well to get involve again to initiate our Bible Institute in our local church.

Six years by the grace of God:

This month of November, we realized 6 years of starting the Primera Iglesia Bautista Fundamental El Buen Pastor, in this town of Changuinola. God in His infinite mercy has been faithful with us as a family and with the church. We have done much in our temple as well we have seen many souls saved through this 6 years with evangelistic campaigns, medical teams, conferences, anniversaries, etc. All this is owed to God and to each church that is part in our calling, in supporting spiritually and financially, without God and you this would not be possible! Thanks to you for being part of these 6 years.

Our health:

By the grace of God we keep on inspire of not being 100% with our health. Like many of you know, I struggle much with the climate of this country, the humidity, and the great affects me much. I battle with my skin because I have topical dermatitis, a lot of itching and very little treatment I have receive due to the lack of specialists in this province. My wife keeps struggling with her stomach pain. I want to mention that I am not complaining what I am writing. I just ask that you keep praying for us and our children, Ezequiel and Johanna that they keep with the necessary health.

Plans to go to Mexico this following February:

There is a possible plans to go to Mexico this coming February. For awhile I have had problems with my throat and back as well with my skin. Like I explained the previous lines so is necessary to travel to Mexico to see a specialist. I would only go by myself. My family will stay in Panama due to lack of financial resources. I ask you please to pray for this trip and may God guide me in everything.

Young people in the Bible Institute:

Thanks to God for our three young people that they are coming to their last level of their Biblical studies in the Colegio Biblico Bautista in San Luis Potosi, Mexico. We are anxious that we can have them back. There is much to do and one of our goals is to start another church in the second largest town of this province in Bocas. It will be in "Almirante" where daily there is a great quantity of foreigners for this port. It is only a question of prayer and waiting. In this port there is many Seventh Adventists and Pentecostals as well Jehovah Witnesses. WE will be the first Baptist church in Almirante. Help us pray for more workers for His harvest.
